

Electric Arrow Donates E-Ticketing Service

ELECTRIC ARROW DONATES ETICKETING SERVICE TO THE SEATTLE STREET OF DREAMS OPENING NIGHT CHARITY GALA TO BENEFIT CHILDREN'S HOME SOCIETY OF WASHINGTON.

Electric Arrow (www.interactiveticketing.com), a Seattle based Web Development Company went live today with the Street of Dreams Opening Night Charity Benefit on-line ticketing system. This will be the third consecutive year that Electric Arrow will be donating all of their services, free of charge, for this heart-felt occasion.

The Seattle Street of Dreams has supported **Children's Home Society of Washington** since 1984. 100% of all proceeds from this Charity Benefit are donated each year. Those attending are helping children and families in need throughout the State of Washington.

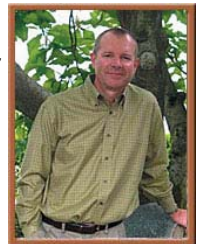

Street of Dreams e-tickets can be purchased at www.seattlestreetofdreams.com. Charity Benefit tickets are selling for \$100 each and are expected to sell out before the event starts on Friday, July 13, 2007.

Electric Arrow believes in supporting their local community and has also donated their Interactive Ticketing Technology to numerous NW Charity events put on by **Art With Heart**—who host an annual art auction to raise money for children and teens in crisis.

Electric Arrow is a leading provider of on-line ticketing across the country, supporting events of all types. Tickets are purchased on-line and printed from the patron's home or office. Tickets are then validated at the event site using a bar-code reader.

"We appreciate all of the hard work Electric Arrow puts in to making our on-line ticketing a success. Their technology has made buying tickets easier for our supporters — so much that each year we have to shut the system down early to prevent over selling!"

John Heller, President, Seattle Street of Dreams, Inc.
